## SECTION III: READING (30 POINTS)

Dear Diary,

Wow! It's December 31 today. It's the end of another year. I can't believe it! But it was a great year. So many exciting and interesting things happened this year.

I think the most important thing that happened this year was that I graduated from high school and started university. There was a big celebration at my school for graduation. All my friends and family came to see me. **It** was great! I was really happy.

After graduation, my friends and I decided to take a trip together. **We** went camping in the Rocky Mountains. The weather was perfect. Every day was warm and sunny. We went backpacking in the mountains and swimming in the lake almost every day. The scenery was beautiful. I had a small accident, though. One day I fell and hurt my foot. It was a little painful, but I still had a great time camping with my friends.

I hung out with my high school friends a lot last summer. We went to lots of movies and concerts. My friends and I went to see our favorite band in June. We had such a great time! I bought a really cool T-shirt at the concert. Now, **it**'s my favorite!

I was sad when summer ended. But then, I started university. I was a little nervous to leave my friends and family, and go to a new place to live. I can't see **them** every day now. It was hard at first but it's OK now. University is so different from high school. But now I really like **it**. I have a lot of new friends and I really like my classes. University is really awesome!

In just a few hours, it will be another new year. I hope next year is even better than this one!
